# INDEX

## Vol. 80, Nos. 1-6, January-December 1989

*ALABAMA*'s last stand 5:24
Almquist, T.D., LCDR, MC, USNR, metal fume fever 6:24
AMA House of Delegates, 1989 meeting 5:21
Amberson, J.M., CAPT, MC (Ret.)
  in memoriam 1-2:32
  Operation Passage to Freedom (17 Aug 1954 to 19 May 1955) 1-2:26
Anderson, M.H., CDR, DC, gas plasma sterilization: innovation in practice 5:9
Anthropology, medical 6:13
Armstrong, C., LT, MC, USNR, metal fume fever 6:24
Arp, M.P., HMC, letter to editor 1-2:40
Awards
  Smith, A.M., CAPT, MC, USNR-R, receives Distinguished Author Award 1-2:40
  Stephen W. Brown Award established 1-2:39
  Thomas, D.E., DT1, COMNAVMEDCOM 1989 Sailor of the Year 4:4
Aviation
  new prediction model relates helmet weight to aircrew neck injury risks 6:21
  nonaircrew frequent flier training 1-2:17

BABY, miracle, E.M. Gustafson 4:6
Balko, W.J., HMC, dialytic capabilities in the operational setting 6:22
Beaudoin, R.P., LT, MSC, total quality management: mandate for change 6:10
Begasse, T., JO2, miracle baby 1 year later 4:6
Betts, L.S., LCDR, MC, USNR, from fortress to factory: occupational medicine aboard USS *Kitty Hawk* 3:24
Blood
  type A and type B red blood cells can now be converted to type O 4:29
Boccuzzi, S.J., LT, NC, USNR, food handlers: a potential high risk group for hypercholesterolemia 1-2:37
Brown, F.C., LCDR, MSC, military medicine in action 3:4
Brown, S.W., HMCM (Ret.)
  in memoriam 6:26
  preventive medicine technician award established 1-2:39
Bruzek-Kohler, C.M., LCDR, NC, hospital corpsmen will be even better 3:12
BUMED (Bureau of Medicine and Surgery), welcome back 4:10
Butler, F., CDR, MC, Everest adventure 3:2, 5:4

CHANGE of command, NAVMEDCOM 5:3
Cholera, conquest of 3:20
Cholesterol
  hypercholesterolemia in food handlers 1-2:37
Cilento, B., Sr., CAPT, MC 5:7
Circles, Quality 5:22
Class, J.S., LT, MSC, from fortress to factory: occupational medicine aboard USS *Kitty Hawk* 3:24
Clegg, M.C., RADM, DC, 29th Chief of Dental Corps 1-2:39
Combat wounds
  new collagen gel for 5:11
  surgery of mortar shell in chest 6:6
COMNAVMEDCOM
  change of command 5:3
  back to BUMED 4:8, 10
  Sailor of the Year, 1989, DT1 Thomas 4:4
Computerized system can predict health risks for deployed sailors and marines 6:21
Condlin, C., HMCS, food handlers: a potential high risk group for hypercholesterolemia 1-2:37
Connito, D.J., LCDR, MC, USNR, dialytic capabilities in the operational setting 6:22
Conquest of cholera 3:20
Cough, when it doesn't get better 4:24
Crowl, P.E., CWO4/PA-C, letter to editor 1-2:40
Cuba, Santiago, 1898, testing the enemy 4:20
Custis, S., LCDR, MSC, Management Assist Teams (MAT's) 3:22

DECOMMER, P.R., CWO4/PA-C, letter to editor 1-2:40
DEET, insect repellent that really works 3:19
Dental Corps, Navy
  Clegg, M.C., RADM, DC, 29th Chief of Dental Corps 1-2:39
  Shaffer, R., RADM, DC, retires 1-2:7
Dialytic capabilities in the operational setting 6:22
Dinsmore, H.H., CAPT, MC (Ret.) 6:6
Disease Vector Ecology and Control Center (DVECC), 40 years of medical entomology 4:16
Distinguished Author Award 1-2:40
Douglas, R.A.
  *Alabama*'s last stand 5:24
  treating the enemy, Santiago, Cuba, 1898 4:20
Drugs
  rTPA in the emergency therapy of acute transmural myocardial infarction 5:28
Dunn, J., CDR, MC(FS), USNR, from fortress to factory: occupational medicine aboard USS *Kitty Hawk* 3:24
DVECC (Navy Disease Vector Ecology and Control Center) 4:16

EDUCATION (see also Training)
  Graduate Medical Education 3:18
  HSETC (Naval Health Sciences Education and Training Command) 3:6
Edward Rhodes Stitt Library 3:11
Electromagnetic radiation warming devices 5:11
Elwood, S.W., LT, transportation of litter patients in USS *Missouri* 6:17
Emergency therapy of acute transmural myocardial infarction, rTPA 5:28
Entomology, medical, 40 years of 4:16
Everest adventure 3:2, 5:4

NOTE: Figures indicate the issue and page in Volume 80 of *Navy Medicine*. For example, 5:24 shows the article may be found in issue No. 5 (September-October), page 24. Issues No. 1 and 2 were combined (January-February/March-April).

FAMILY services, Navy, and the *Stark* incident 1-2:20
Federal Healthcare Innovation Network (FHIN) 1-2:10
Fliers
  new prediction model relates helmet weight to aircrew neck injury risks 6:21
  nonaircrew frequent flier training 1-2:17
Flight surgeon's heart and hands go out to villagers 6:2
Food handlers: a potential high risk group for hypercholesterolemia 1-2:37
From fortress to factory: occupational medicine aboard USS *Kitty Hawk* 3:24

GAS plasma sterilization: innovation in practice 5:9
Gildea, K.A., Everest adventure 3:2, 5:4
Graduate Medical Education (GME): The cornerstone of Navy medicine 3:18
Grant, B.H., medical anthropology: a prospective role in Navy medicine 6:13
Grogan, R.A., HMC, letter to editor 1-2:40
Gustafson, E.W., is miracle baby 4:6

HARRIS, D., Jr., CDR, MC, Everest adventure 3:2, 5:4
Health care innovation
  gas plasma sterilization 5:9
  the challenge of change 1-2:14
  What can we expect? 1-2:10
Heart, acute transmural myocardial infarction 5:28
Heath, D.K., HMC(AC), letter to editor 1-2:40
Helmets
  new prediction model relates helmet weight to aircrew neck injury risks 6:21
Hepatitis B in Navy personnel 5:11
Herman, J.K.
  conquest of cholera 3:20
  interview with RADM R. Shaffer, DC 1-2:7
  letters to 1-2:40, 4:28
  Navy medicine and tetanus 4:22
  welcome back BUMED 4:10
Hippocratic oath's secrecy clause: a view from the courts 1-2:23
History
  battle between USS *Kearsarge* and CSS *Alabama* 5:24
  BUMED, welcome back 4:10
  cholera, conquest of 3:20
  Navy medicine and tetanus 4:22
  Santiago, Cuba, 1898, treating the enemy 4:20
  Squibb, E.R., surgeon 5:26
History (con.)
  Vietnam
    Operation Passage to Freedom (17 Aug 1954 to 19 May 1955) 1-2:26, 33
    surgery of mortar shell in chest 6:6
HIV-1 infection inactivates an important receptor on T-lymphocytes 4:29
Honduras
  flight surgeon's heart and hands go out to villagers 6:2
Hood, T., CAPT, Management Assist Teams (MAT's) 3:22
Hospital Corps, Navy, training 3:12
HSETC (Naval Health Sciences Education and Training Command) 3:6
Hubbard, J.R., RADM, DC, USNR, letter to editor 1-2:40
Hypercholesterolemia in food handlers 1-2:37

ICE vests used to cool Persian Gulf sailors 4:29
In memoriam
  Amberson, J.M., CAPT, MC (Ret.) 1-2:32
  Brown, S.W., HMCM (Ret.) 6:26
  LeTourneau, D.J., CAPT, MC 4:28
  Lukas, J.R., RADM, MC (Ret.) 6:26
Innovation in Navy medicine
  gas plasma sterilization 5:9
  the challenge of change 1-2:14
  What can we expect? 1-2:10
Interview
  Shaffer, R., RADM, DC, retires 1-2:7

JUDSON, P.L., CAPT, MC (Ret.), rTPA in the emergency therapy of acute transmural myocardial infarction 5:28

*KEARSARGE* and *Alabama*, 1864 5:24
Kemp, D.G., CAPT, MC, report from the 1989 annual meeting of AMA House of Delegates 5:21
*Kitty Hawk*, occupational medicine 3:24
Kootte, A.F., Navy family services and the *Stark* incident 1-2:20
Krieger, D., LT, MSC, innovation in Navy medicine: What can we expect? 1-2:10

LAMBERT, W.J., Jr., CDR, MSC
  innovation in Navy medicine: What can we expect? 1-2:10
  total quality management: mandate for change 6:10
Lamdin, J.M., CAPT, MSC, letter to editor 4:28
Lee, K., LCDR, MC, USNR, food handlers: a potential high risk group for hypercholesterolemia 1-2:37
Legal
  Hippocratic oath's secrecy clause: a view from the courts 1-2:23
LeTourneau, D.J., CAPT, MC, in memoriam 4:28
Let's get realistic about medical preparedness for war 5:12
Letters to editor 1-2:40, 4:28
Library, Edward Rhodes Stitt 3:11
Like father, like son 5:7
Litter patients in USS *Missouri*, transportation of 6:17
Lukas, J.R., RADM, MC (Ret.), in memoriam 6:26

MANAGEMENT
  Management Assist Teams (MAT's) 3:22
  Quality Circles 5:22
  total quality 6:10
MEDCAP's (Medical Civil Action Programs) 1-2:4, 3:4
Medical anthropology: a prospective role in Navy medicine 6:13
Medical Civil Action Programs (MEDCAP's) 1-2:4, 3:4
Medical database predicts health risks for deployed sailors and marines 6:21
Medical Department, Navy, reorganization 4:8, 10
Medical entomology, 40 years of 4:16
Meetings
  AMA House of Delegates, 1989 5:21
  AMSUS, 1989 1-2:39
Metal fume fever 6:24
Microwave oven, gas plasma sterilization: innovation in practice 5:9
Military medicine in action 3:4
Miracle baby 1 year later 4:6
*Missouri*, transportation of litter patients in 6:17
Moe, R.C., CAPT, DC, Quality Circles 5:22
Moore, V.J., CAPT, MC, USNR-R, the Hippocratic oath's secrecy clause: a view from the courts 1-2:23
Mortar shell lodged in chest 6:6
Mt. Everest adventure 3:2, 5:4
Myocardial infarction, transmural, acute 5:28

NAVAL Health Sciences Education and Training Command (HSETC) 3:6
Naval Medical Research Unit No. 2 Detachment, Jakarta, Indonesia, establishes clinical research ICU 5:11
NAVMEDCOM
  change of command 5:3
  back to BUMED 4:8, 10
  Sailor of the Year, 1989, DT1 Thomas 4:4

Navy Disease Vector Ecology and Control Center (DVECC), 40 years of medical entomology 4:16
Navy Environmental Health Center, (NAVENVIRHLTHCEN) dedicates new facility 6:5
Navy family services and the *Stark* incident 1-2:20
Navy Medical Department reorganization 4:8, 10
Navy Medical Research and Development Command (NMRDC), highlights 3:19, 4:29, 5:11, 6:21
Navy medicine
and tetanus 4:22
innovation in 1-2:10
the challenge of change 1-2:14
Neck injury
new prediction model relates helmet weight to aircrew neck injury risks 6:21
NMRDC highlights 3:19, 4:29, 5:11, 6:21
Noland, L., recognizing our best 4:4
Nonaircrew frequent flier training 1-2:17
Norcross, M.C., LT, MC, transportation of litter patients in USS *Missouri* 6:17

OATLEY, T.W., COL, USAF, MSC, the challenge of change 1-2:14
Occupational medicine aboard USS *Kitty Hawk* 3:24
*Okinawa,* like father, like son 5:7
Operation Passage to Freedom (17 Aug 1954 to 19 May 1955) 1-2:26, 33

PAYOFFS of Navy Medicine
a quest for purity: Surgeon Edward R. Squibb 5:26
conquest of cholera 3:20
Navy medicine and tetanus 4:22
Pediatrics
miracle baby, E.M. Gustafson 4:6
Philippines
military medicine in action 3:4
Phillips, R.A., CAPT, MC, cholera research 3:20
Plasma, gas, sterilization 5:9
Preventive medicine technician award named in honor of HMCM S.W. Brown (Ret.) 1-2:39
Project Handclasp 1-2:4

QUALITY Circles 5:22

REDMOND, D.M., reminiscences of Passage to Freedom 1-2:33
Reinert, C.G., CAPT, MC, Graduate Medical Education: The cornerstone of Navy medicine 3:18
Reminiscences of Passage to Freedom 1-2:33
Reorganization, Navy Medical Department 4:8, 10
Research
ICU established in Indonesia 5:11
NMRDC highlights 3:19, 4:29, 5:11, 6:21
Rickey, T.L., LCDR, MSC, nonaircrew frequent flier training 1-2:17
Ridout, J.A., DTC, USNR-R, a quest for purity: Surgeon Edward R. Squibb 5:26
rTPA in the emergency therapy of acute transmural myocardial infarction 5:28

SAILOR of the Year, 1989, COMNAVMEDCOM, DT1 Thomas 4:4
Samuelson, H., JO1, USNR, U.S.-Thai armed forces bring medical aid to villagers 1-2:4
Santiago, Cuba, 1898, treating the enemy 4:20
Savage, R.W., LCDR, MC, food handlers: a potential high risk group for hypercholesterolemia 1-2:37
Savage, S.E., LCPL, USMC, flight surgeon's heart and hands go out to villagers 6:2
Schinski, V.D., CAPT, MSC
hospital corpsmen will be even better 3:12
we teach caring 3:6
Sears, H.J.T., RADM, MC
farewell 4:3
innovation: the application of brainpower 1-2:3
retires 5:3
Sen, R.P., LCDR, MC, USNR, when the cough doesn't get better 4:24
Shaffer, R., RADM, DC, retires 1-2:7
Ships
USS *Kearsarge* and *Alabama,* 1864 5:24
USS *Kitty Hawk,* occupational medicine 3:24
USS *Missouri,* transportation of litter patients in 6:17
USS *Okinawa,* like father, like son 5:7
USS *Stark* and Navy family services 1-2:20
Sibbel, T., JO3, like father, like son 5:7
Smith, A.M., CAPT, MC, USNR-R
let's get realistic about medical preparedness for war 5:12
receives Distinguish Author Award 1-2:40
Smith, J.W., CDR, MC, transportation of litter patients in USS *Missouri* 6:17
Squibb, E.R., surgeon 5:26
*Stark* incident and Navy family services 1-2:20
Stephen W. Brown Award established 1-2:39
Sterilization, gas plasma 5:9
Stitt Library, 3:11
Submarines
white light in operation rooms 3:19
Surgery of mortar shell in chest 6:6

TETANUS and Navy medicine 4:22
Thailand
U.S.-Thai armed forces bring medical aid to villagers 1-2:4
Thomas, D.E., DT1, COMNAVMEDCOM 1989 Sailor of the Year 4:4
Thyroid hormones increase during prolonged cold exposures 3:19
Total quality management (TQM): mandate for change 6:10
Training
Exercise Cobra Gold '88 1-2:4
Graduate Medical Education 3:18
hospital corpsmen 3:12
HSETC 3:6
war, medical preparedness for 5:12
water survival 1-2:17
Transportation of litter patients in USS *Missouri* 6:17

URUCHURTU, R., LT MC 6:2
U.S.-Thai armed forces bring medical aid to villagers 1-2:4

VASCULAR anastomoses without sutures? 6:21
Vietnam
Operation Passage to Freedom (17 Aug 1954 to 19 May 1955) 1-2:26, 33
surgery of mortar shell lodged in chest 6:6

WAR, medical preparedness for 5:12
Warming devices, electromagnetic radiation 5:11
Water survival training 1-2:17
Welcome back BUMED 4:10
We teach caring 3:6
Wickham, C.W., CAPT, MC(FS), from fortress to factory: occupational medicine aboard USS *Kitty Hawk* 3:24
Wooster, M.T., LCDR, MSC, 40 years of Navy medical entomology 4:16
Wound dressing, combat, new collagen gel for 5:11

X-RAY of mortar shell lodged in chest 6:6

ZIMBEL, J.A., VADM, MC
BUMED: "Back to the Future" 4:1
change of command 5:3
innovation is for everyone 1-2:1
